

## Healthcare Products Built on Decades of Healthcare Experience

KemTex clearly stands out amongst other manufacturers. The reason, for over 29 years our Healthcare Services Division has provided professional cleaning services for all of the products we manufacture. We leverage this valuable knowledge by incorporating it into the design of our window coverings, privacy curtains, and microfiber cleaning products, to name just a few. The result, products made to withstand the rigors of even the most demanding healthcare environments, outlasting similar products from other manufacturers. This is one reason medical facilities specify KemTex products as their standard.

## Your One Source for Window Coverings and More

KemTex offers an extensive selection of quality products to the healthcare industry. Providing end-to-end product solutions has allowed our clients to benefit from efficiencies and significant cost savings by consolidating numerous vendor resources down to one, KemTex. From window coverings to privacy curtains and more, we have the products you need to support your facility's operations. Upon closer review of our extensive product offerings, the many benefits of partnering with us will be evident.

## Value Driven Products... Your Bottom Line is Our Bottom Line

Superior products, knowledgeable design and production staff, and experienced installers are just a few of the reasons KemTex delivers unmatched value that ultimately impacts your bottom line. From our dedicated team of Purchasing Agents who work directly with the mills to get the absolute lowest prices, to our streamlined manufacturing plants, our mission is to get you the quality products you need, on time, and within budget.
